Historical Paranormal Romance New Release from Angela Kay Austin

Memphis, TN – September 21, 2015 – Angela’s latest release, *Run For Freedom*, a Historical Paranormal Romance follows two runaway slaves—Freedom and her twin brother Triumph.

The author asks the question, “Are you willing to die for a fleeting chance at life?”

Blurb: The choice was to run for freedom or die never having been valued as a human—as a woman. The penalty was the same—death!

Freedom and her brother, Triumph, would fight for their lives and the lives of the ones whom they loved no matter the cost. Escaping bondage meant they must RUN! Run to Moses. Run to the Promised Land.

Watson Brown knew all too well the struggle to survive. The fight to live. He had been given a second chance to do what he had failed to do in life—as a human. What he and his father could not do before the Harpers Ferry Raid.

The runaway slave and her brother were a distraction.

He could afford no interferences with his mission. He nor his family could risk exposure.
